

ASSEMBLY MADE
SIMPLE, FAST & SAFE

1. UPRIGHT SUPPORT

The upright supports come preassembled with the base plate, ensuring swift and effortless installation onto the foundation.

2. STRUCTURAL PURLINS

The 5 structural purlins come preassembled with connecting brackets and are conveniently labeled for ease of assembly.

3. NOVA ZERO RAILING

The innovative rail design featuring integrated water guttering system, easily attaching onto the structural purlins with the rail clamp, eliminating the need for drilling.

4. SOLAR PANELS

Install solar panels simply by sliding them from underneath the structure onto the rail and securing with underside panel clamps.

NOVA ZERO RAILING CARPORT SYSTEM

A new standard in simplicity and innovation with the NOVA ZERO Railing Carport System. Engineered for easy assembly, our modular design is available as a single and double car spaces. The modularized design makes it easy to extend the carport system to accommodate more cars. Additionally, our carport systems feature an integrated water gutting system that ensures proper drainage of rainwater.

1.

FOUNDATION

The upright support base plate is designed with guiding walls, simplifying alignment and installation of the upright supports after securing the base plate to the concrete foundation.

2.

STREAMLINE INSTALL

All components are prefabricated and labeled for effortless assembly, eliminating the need for additional modifications or drilling.

3.

RAILING SYSTEM

The NOVA ZERO railing system features an integrated water guttering system, effectively directing rainwater away from your vehicle and the structure. This not only prevents potential damage but also simplifies maintenance.

4.

MODULE CLAMPS

Seamless and secure installation process. Eliminating the need to ascend on top of the structure, our thoughtfully engineered components streamline the setup without compromising safety.

5.

ZERO OBSTRUCTION

Embrace freedom with our innovative design that ensures no obstructions for your car doors. Effortlessly access your vehicle without any hindrance, enhancing the overall user experience.
